To Whom It May Concern:

The Board of Directors of the National Foster Parent Association recently had the pleasure of attending a six hour presentation on cultural diversity, by Dr. Nathaniel J. Williams. As a result of that experience, NFPA is pleased to offer a letter of recommendation and support for the efforts of Dr. Williams.

The format was well-paced, Dr. Williams was very well prepared, and he showed a genuine interest in the diversity growth of the participants. His is not an "ordinary" cultural presentation – it is a cultural experience!

At the end of the day, the participants were hungry for more information and are eager to have Nat Williams facilitate additional training sessions for the National Foster Parent Association.

Dr. Williams is a most remarkable person and trainer.

Sincerely,
