Dr. Nathaniel Williams
1655 Valley Center Parkway, Suite 150
Bethlehem, PA 18017

Dear Dr. Williams,

Your presentation to the parents at Holy Infancy on Tuesday, April 12 was "just what was needed." Thank you so much.

In getting feedback from parents we discovered how much we all need affirmation and confirmation. Your words encouraged parents to keep on believing and trying to make good choices not only for their children, but also for themselves.

Some comments we heard were "awesome. . . something for everyone. . . keeping dreams alive." One mother intended to share the information at her workplace. Another said that the Courage Card was a good reminder for her. For one of the dads, your words were another way of guidance in living out the gospel of Jesus.

We appreciate your message and your actions. Thank you for helping us to help others. May you and your work continue to be blessed.

Sincerely,

Sister Joyce and Sister Therese
